

The Bluestream Group

The Bluestream Group is an internationally-operating project organization with offices in Den Helder and the UK.

Bluestream Access BV carries out inspection, repair and maintenance work at high levels and/or inaccessible locations, using Rope Access climbing techniques.

Bluestream NL BV undertakes subsea activities for subsea civil engineering and the offshore industry, by using modern diving equipment and ROVs (Remote Operated Vehicles).

Bluestream Holding BV carries out all necessary general and technical services for our operating companies.

Because of the remarkable growth within Bluestream Access BV, we are looking for enthusiastic colleagues who like to see the other side of technique. To oversee all aspects of the "Rope Access" division, there is the opportunity to work operational.
